

Drop-off and Pick-up Procedures

Whiton Road

**Bus Lane Only
Do Not Enter**

Student safety is one of our top priorities. Making sure students get where they belong as they enter school and at the end of the day is a big task, so your cooperation with the procedures below is greatly appreciated!

Parent Drop-Off: For drop-off at 8:50-9:00am: Cars should enter the driveway located on the left side of the building (closest to the Gym) and proceed to the far set of gym doors (marked with an X on map). DO NOT drop off students by the first set of side gym doors as these doors are locked.

If dropping students off after 9:00, parents should use the main entrance and bring students to the main office.

Parent Pick-Up : Follow same procedures as drop off, however, both sets of gym doors will be used. The first set of gym doors are for students with last names A-K and the second set of doors is for students whose last names begin with L-Z. Parents will need to park either in the side parking lot (in the allocated spots) or in the main parking lot and sign their student out at 3:45pm. Proof of ID is required from parents or guardians who are signing their students out.
